

It's Halloween!!!

3 EFL

Mrs. Gaga

Pirates, ghosts, cowboys, witches and superheroes greeted the third grade students in the big theatre. They explained what Halloween is all about ... dressing up and tricking or treating. All the third graders had been asked to bring their trick or treat bags, which they had been given in advance and had decorated themselves, with them. At the end, they were all treated to some candies and sang Halloween songs.

Children dress up

They knock on the houses' doors

Trick or treat

It takes the ghost
It takes the ghost
Ho on Halloween
It takes the ghost

At six o'clock on Halloween
Small ghosts and goblins can be seen

They rap and tap on every door
shouting
"Trick or treat, we want more"

So all the neighbours on our street
Happily stuff their bags with sweets

I see ten pumpkins and a mouse
Ring the doorbell of my house

A black cat and a green frog too
Are followed by a kangaroo

Scary fairies and busy bees
Skip and laugh among the trees

Their baskets are so quickly filled
So high that candies even spill

Lollipops and gumdrops fill their
tummies
And their mouths with tasty yummys

They crunch and munch through
candy lands
With chocolate melting in their
hands

I see this strange and spooky sight
On a moonlit, frightening night

And then one sight strikes me with
fear
I gasp, "There's no more candy here."

I cry "Oh no, I'm in a fix
Without more candies they'll all play
