(University Address)

Athens, (date)

Dear (name of the responsible person)

Or Sir / Madam

I am in the process of starting the application process for the International Baccalaureate Diploma Program at my school (Psychico College) in Athens, Greece. The Program I have selected is:

Higher Level

(subject 1)

(subject 2)

(subject 3)

Standard Level

(subject 4)

(subject 5)

(subject 6)

I am thinking very seriously of applying to (name) University for the undergraduate course in (subject) for the academic year beginning September / October 2013. I should be grateful if you could inform me:

- if my IB Diploma package is appropriate for entry into (name) University to study (subject), or whether there are any other more appropriate subjects that I should substitute for those above;
- what IB Diploma points score (name) University currently requires to accept an IB student for the (subject) course.

I should be very grateful if you might respond swiftly at the following address / e-mail / Fax No. Quite obviously, if you consider that I should be taking alternative subjects, then I will need to change my IB Diploma Program as soon as possible.

Thank you very much for your consideration. I very much look forward to receiving your advice.

Yours sincerely,

(your name)
